## WORK EXPERIENCE

Full Stack Development • Internship

FLY YOUR TECH, Virtual

Oct 2024 - Jan 2025

During my internship, I gained expertise in technologies like Tailwind CSS, Appwrite, Next.js, and Firebase. As a full-stack developer, I developed a movie streaming app with an admin panel. In the process, I deepened my understanding of concepts like Server-Side Rendering (SSR) and their implementation in modern web applications. I have redeveloped company's website, integrating an advanced admin panel and adding multiple features using Next.js.

Web Development • Internship

Explorers Company Private Limited, Virtual

May 2024 - Aug 2024

Played a key role in developing and maintaining the company's official website.

- Tourism Website Project: Contributed significantly to developing a tourism website, which included creating engaging layouts, and integrating interactive features.

Teaching Assistant • Internship

NxtWave, Virtual

Apr 2024 - May 2024

I have assisted students in resolving issues related to HTML, CSS, and responsive web design.

Worked independently to manage and address student queries, enhancing their learning experience and satisfaction.

## EDUCATION

Bachelor of Science (B.Sc), Computer Application
