WORK EXPERIENCE

Full Stack Development • Internship
FLY YOUR TECH, Virtual

Nov 2024 - Present

During my internship, I gained expertise in technologies like Tailwind CSS, Appwrite, Next.js, and Firebase. As a full-stack developer, I developed a movie streaming app with an admin panel. In the process, I deepened my understanding of concepts like Server-Side Rendering (SSR) and their implementation in modern web applications. Currently, I am leading the redevelopment of the company's website, integrating an advanced admin panel and adding multiple features using Next.js.
